The guidance for the current fiscal year published in March 2019 was adjusted in October 2019. Whereas the forecast for sales revenue was raised and earnings before interest and taxes improved, the funding requirement decreased in parallel. In addition, operating expenses were reduced within the previously published range.

Total assets and equity decreased year-over-year because in 2019 the Company saw an excess of expense over income as well as negative cash flow from operating activities and investing activities.

6 Corporate governance

6.1 Statement on Corporate Governance pursuant to Sections 289f, 315d German Commercial Code for the 2019 fiscal year

The Statement on Corporate Governance pursuant to Sections 289f and 315d of the German Commercial Code contains the Declaration of Conformity of the Executive Management Board and the Supervisory Board with the German Corporate Governance Code (GCGC) pursuant to Section 161 of the German Stock Corporation Act (Aktiengesetz, AktG). Both corporate bodies had an in-depth discussion regarding compliance with the requirements of the GCGC as amended on 07 February 2017.

In addition, the Statement addresses the principles of proper corporate governance and makes relevant disclosures about the Company’s actual corporate governance practices above and beyond statutory requirements. It also describes the procedures of the Executive Management Board and the Supervisory Board as well as the composition and procedures of their committees.

The Statement on Corporate Governance was posted on the Company’s website under “Press & Investors > Corporate Governance” on 31 January 2020. Pursuant to Section 317 (2) sentence 6 of the German Commercial Code, the content of the statement on corporate governance in accordance with Sections 289f and 315d of the German Commercial Code is not part of the audit of the financial statements. The audit of the disclosures pursuant to Section 289f (2) and (5) and Section 315d shall be limited to whether the disclosures have been made.

6.2 Remuneration report

The remuneration report summarizes the principles used to determine the total remuneration of the Executive Management Board of Heidelberg Pharma AG and explains the structure as well as the remuneration received by the Executive Management Board members. The principles and the amount of remuneration
received by the members of the Supervisory Board are also described. The remuneration report follows the recommendations of the GCGC and satisfies the requirements in accordance with the applicable provisions of Section 314 (1) no. 6, Section 315a (2) and Section 289a (2) German Commercial Code including the German Act on Disclosure of Management Board Remuneration (Vorstandsvergütungs-Offenlegungsgesetz).

**Remuneration of the Executive Management Board**

The Supervisory Board is responsible for determining the remuneration of the Executive Management Board in accordance with Section 107 (3) of the German Stock Corporation Act. Remuneration consists of a salary (fixed remuneration), other benefits (non-cash remuneration), a variable remuneration component and a stock option plan with a long-term incentive and risk element.

In the event of the termination of an Executive Management Board member’s service for the Company, there is no contractual entitlement to a settlement.

**Salary and benefits**

The annual salary of members of the Executive Management Board is determined for the term of office and paid in equal amounts over 12 months. These salaries take into account the financial position of Heidelberg Pharma AG and the level of remuneration paid by competitors.

In addition to his fixed remuneration of €255 thousand, Dr. Schmidt-Brand receives the following non-cash benefits: Under the director’s contract, Heidelberg Pharma Research GmbH makes payments into a defined-contribution, reinsured pension plan. In 2019, this payment amounted to €11 thousand (previous year: €11 thousand). As in the previous year, €3 thousand were paid into a pension fund.

No non-cash benefits within the context of a pension were granted to Professor Pahl in the fiscal year ended in addition to his fixed remuneration of €200 thousand.

In addition, company cars were made available to Dr. Schmidt-Brand and Professor Pahl for the entire fiscal year. The value of this non-cash benefit in 2019 was €9 thousand for Dr. Schmidt-Brand (previous year: €9 thousand) and €13 thousand (previous year: €10 thousand) for Professor Pahl.

No further benefit obligations exist towards the members of the Executive Management Board.

**Variable remuneration**

Variable remuneration is contingent upon the achievement of personal targets and Heidelberg Pharma’s performance targets. The performance-based remuneration of the members of the Company’s Executive Management Board is primarily tied to the corporate goals of Heidelberg Pharma and refers to the achievement of defined milestones.

Dr. Schmidt-Brand receives a maximum annual bonus of €100 thousand (2018: €85 thousand due to the contract adjustment made during the year). In the fiscal year now ended, Dr. Schmidt-Brand was paid a bonus of €60 thousand for the 2018 fiscal year.

Professor Pahl’s annual bonus is also capped at €100 thousand. In the fiscal year now ended, Professor Pahl was paid a bonus of €70 thousand for the 2018 fiscal year.

**Remuneration component with incentive and risk features**

This remuneration component is based on the 2011, 2017 and 2018 Stock Option Plans which were adopted by the respective Annual General Meetings and can be exercised after a lock-up period of four years at the earliest. No further requirements beyond the holding period need to be met.
The Supervisory Board grants stock options based on the tasks of the respective member of the Management Board, his/her personal performance, the economic situation, the performance and outlook of the enterprise as well as the common level of the remuneration taking into account the peer companies and the remuneration structure.

As a result of a new issue in the 2019 fiscal year, the number of share options held by the two members of the Executive Management Board has increased. As of the 30 November 2019 reporting date, the active members of the Executive Management Board thus held 312,000 options under the 2011 Stock Option Plan (Dr. Schmidt Brandt 222,000 options, Professor Pahl 90,000), 201,200 options under the 2017 Stock Option Plan (each Executive Management Board member held 100,600 options) and 149,050 options under the 2018 Stock Option Plan (each Executive Management Board member held 74,525 options).

At the reporting date of 30 November 2019, three former members of the Executive Management Board held a total of 25,500 options under the 2011 Stock Option Plan.

Overall, the following fixed and variable remuneration components as well as non-cash remuneration for Executive Management Board members were recognized as an expense in the 2019 fiscal year:

Remuneration of the Supervisory Board

In accordance with the Company’s Articles of Association, the members of the Supervisory Board receive a fixed remuneration of €15,000 for each full fiscal year of service on the Supervisory Board. The Chairman of the Supervisory Board receives a fixed remuneration of €35,000 and the Deputy Chairman receives €25,000. Supervisory Board remuneration is paid in four equal installments on the last day of February and on 31 May, 31 August and 30 November of each fiscal year.

Members of a Supervisory Board committee are paid a flat fee of €3,000, while chairpersons of such committees are paid €7,000 per fiscal year and committee. In each case, remuneration is limited to activities on a maximum of two committees. Over and above this individual limit, the maximum amount paid by Heidelberg Pharma AG for committee activities of all Supervisory Board members combined is capped at €39,000 per fiscal year. If this cap is not sufficient to cover all memberships and chairmanships of Supervisory Board
committees, it is distributed proportionally among all committee members and chairpersons in line with the above provisions, unless the Supervisory Board unanimously resolves a different regulation.

An additional allowance is paid for attendance at a maximum of six Supervisory Board meetings in each fiscal year. Meeting chairpersons are paid a flat fee of €3,000 and all other members €1,500 each per meeting. Supervisory Board members who attend meetings by telephone or by video conference receive only half of the allowance. This allowance must be paid with the Supervisory Board member’s fixed remuneration. Members of Supervisory Board committees do not receive an attendance allowance for committee meetings.

The remuneration paid to Supervisory Board members who were not in service for a full fiscal year is proportioned in accordance with the duration of their membership on the Supervisory Board.

The Supervisory Board members do not receive variable remuneration, nor are they granted options or similar rights. Supervisory Board members are not entitled to a settlement if their membership ends.

In the 2019 fiscal year, the members of the Supervisory Board were paid remuneration of €175,500 (previous year: €171,750) plus reimbursement of travel expenses.
